EDUCATION

MAILAM ENGINEERING COLLEGE

B.E in CSE - 2024

MAILAM | Current GPA: 8.7

ACHIEVEMENTS

- **Problem Solving:** 150+ problems solved on SkillRack (Java).
- **Full Stack Training:** Successfully completed a Java Full Stack Developer course at Greens Technologies, gaining hands-on experience in Spring Boot, MySQL, and React.js.
- **GitHub Portfolio:** Actively contributing to personal projects on GitHub to showcase learning and skill progression.
- **HackerRank Certification:** Cleared the Software Engineer Intern Certification on HackerRank.

TOOLS & PLATFORMS

- **Git & GitHub** – Version Control
- **Postman** – API Testing
- **VS Code, Eclipse, Spring Tool Suite (STS)** – IDEs

PROFILE SUMMARY

Motivated and detail-oriented Computer Science graduate with strong knowledge in Java and backend development using Spring Boot and MySQL. Experienced in building and maintaining scalable applications. Passionate about writing clean code and continuously learning modern Java technologies.

TECHNICAL SKILLS

Programming Languages & Core Concepts

- **Java:** OOPs Concepts, Exception Handling, Collections Framework, File Handling, Java 8 Features (Lambdas, Streams), Java I/O

Frontend Development

- **React.js:** Components, State Management, Props, Lifecycle Methods, Hooks (useState, useEffect)
- **HTML5, CSS3, JavaScript:** Responsive Web Design, DOM Manipulation, Event Handling

Frameworks & Libraries

- **Spring Boot:** RESTful API Development, Dependency Injection, Spring Data JPA, CRUD Operations

Databases & Querying

- **MySQL :** DDL, DML, TCL, DCL Commands(Basics)

PROJECTS

➤ Book Store Management System

Key Technologies: Spring Boot, Thymeleaf, REST API, Java, Maven

- Developed a web application using Spring Boot and Thymeleaf to manage books, authors, and pricing efficiently.
- Implemented REST APIs for book management, allowing seamless retrieval, addition, update, and deletion of book records.
- Integrated MySQL for data storage, handling book details such as name, author, and price.
